2. Comments for the Current Month

Existing-store sales and customer count were 96.8% and 99.0% year on year, respectively, both falling below the previous year's levels.
This was due to the reaction to the 100th Anniversary Sale held in the same month last year, lower rice unit prices, a decline in third-category beer and happoshu following the rush demand ahead of the liquor tax revision, and sluggish sales of seasonal products amid high temperatures.
Meanwhile, amid persistent inflation, daily necessities such as detergents, paper products, pet supplies, and daily-delivery foods performed well.
Kumamoto Inter Store and Matsubase Store operated with reduced floor space due to the Kumamoto earthquake, which is reflected in the above results.

3. Topics

Impact of the 2026 Kumamoto Earthquake: Damage to ceilings, walls, and other parts of the buildings has been confirmed at the Kumamoto Inter Store and Matsubase Store. Sales are currently limited to selected products. The financial impact is under assessment and will be disclosed promptly if material.
New Store : MrMax Select Fukuyama Store opened on October 8, 2026.
